

Your song

I never thought I could be
Here in heaven so close to the sound of my **dreams**
You put my heart upside down
When your beautiful mind turns my **life** back around
Now I'm falling
Free, I'm falling
Feels like I'm **dancing** in bright shining **stars**
Pulling you close is like touching the sky
Now I know how it feels to be loved and alive
Feels like I'm **dancing** in bright shining **stars**
Next to you
Oh, oh

You make me feel nice and warm
With your **voice** and your smile I could just sing along
Everything's perfect, it's **love**
Take my **hand**, take me home and then show me the **world**

Feels like I'm **dancing** in bright shining **stars**
Pulling you close is like touching the **sky**
Now I know how it feels to be loved and alive
Feels like I'm **dancing** in bright shining **stars**

Now I'm falling
Free, I'm falling
Getting closer
To your **song**

Feels like I'm **dancing** in bright shining **stars**
Pulling you close is like touching the **sky**
Now I know how it feels to be loved and alive
Feels like I'm **dancing** in bright shining **stars**
Next to you Oh, oh
