TASK 1 (5 marks)

Read the instructions carefully and write a blog post of 60-70 words.

You are studying a business online course at an American university. One of your teachers has asked you to write a blog post of 60-70 words on the course blog. **Summarise** the information below and **explain**, in your own words, what 'The Buy Nothing Project' is about.

BUY NOTHING PROJECT

BuyNothing offers people a way to give and receive, share, lend, and express gratitude through a worldwide gift economy network in which what is really valuable is the web of connections between people. They believe that communities are more resilient, sustainable, and joyful when they have functional gift economies.

BuyNothing started through Facebook, but has expanded to an independent app. Members offer each other items they no longer want or ask each other for something they suddenly realize they need, either tangible or a service like fixing a product or altering a dress. Trading is prohibited, and users are required to give and receive freely. Everything given is worth the same, no matter the perceived value. All gifts must be given without any strings attached and without any expectation of reward other than the joy of giving.

MODELO DE ACTUACIÓN

Dear all,

BuyNothing promotes the exchange of products and services, considering them gifts. The most important aspect is to connect people to make society more flexible, greener and happier.

It began through Facebook and has become an app where people give away things they don't need and ask for what they need, which can be physical or not, such as repairing something.

Regards.
