Read the instructions carefully and write a short message of 60-70 words.

Jonathan is your flatmate and the tenant of the flat. He is spending a few weeks overseas. You found the following letter in your mailbox and decide to send Jonathan a short message explaining the situation.

Eviction Notice

This eviction letter is to notify you that you have to vacate the leased out premises within 10 days from the effectiveness of this eviction notice.

This is in reference to the residential property number 34 at Green Street which is the legal property of Mr. Shane. You have been living on the mentioned property since August 2020 and the tenancy agreement expired on 16th April 2023. You have failed to vacate the premises and you did not approach the landlord for the tenancy extension. On 30th April 2023, you were already given an eviction notice; however, you failed to adhere to it.

Failure to stick by this eviction notice can result in the landlord taking legal action against you. The damages, legal expenses and other overdue payments would be deducted from the security deposit. You are warned to evict the premises and return the possessions as soon as possible.

MODELO DE ACTUACIÓN

Hi there,

About the paleo diet you mentioned, I've learnt that, though controversial and still undergoing research, it's suitable for those needing to shed some weight and also to bring some balance to those whose bodies are acting up. However, GPs recommend running some tests before starting it since it might not be good for people with bone issues.

Hope this helps!

TASK 2: SPOKEN MEDIATION

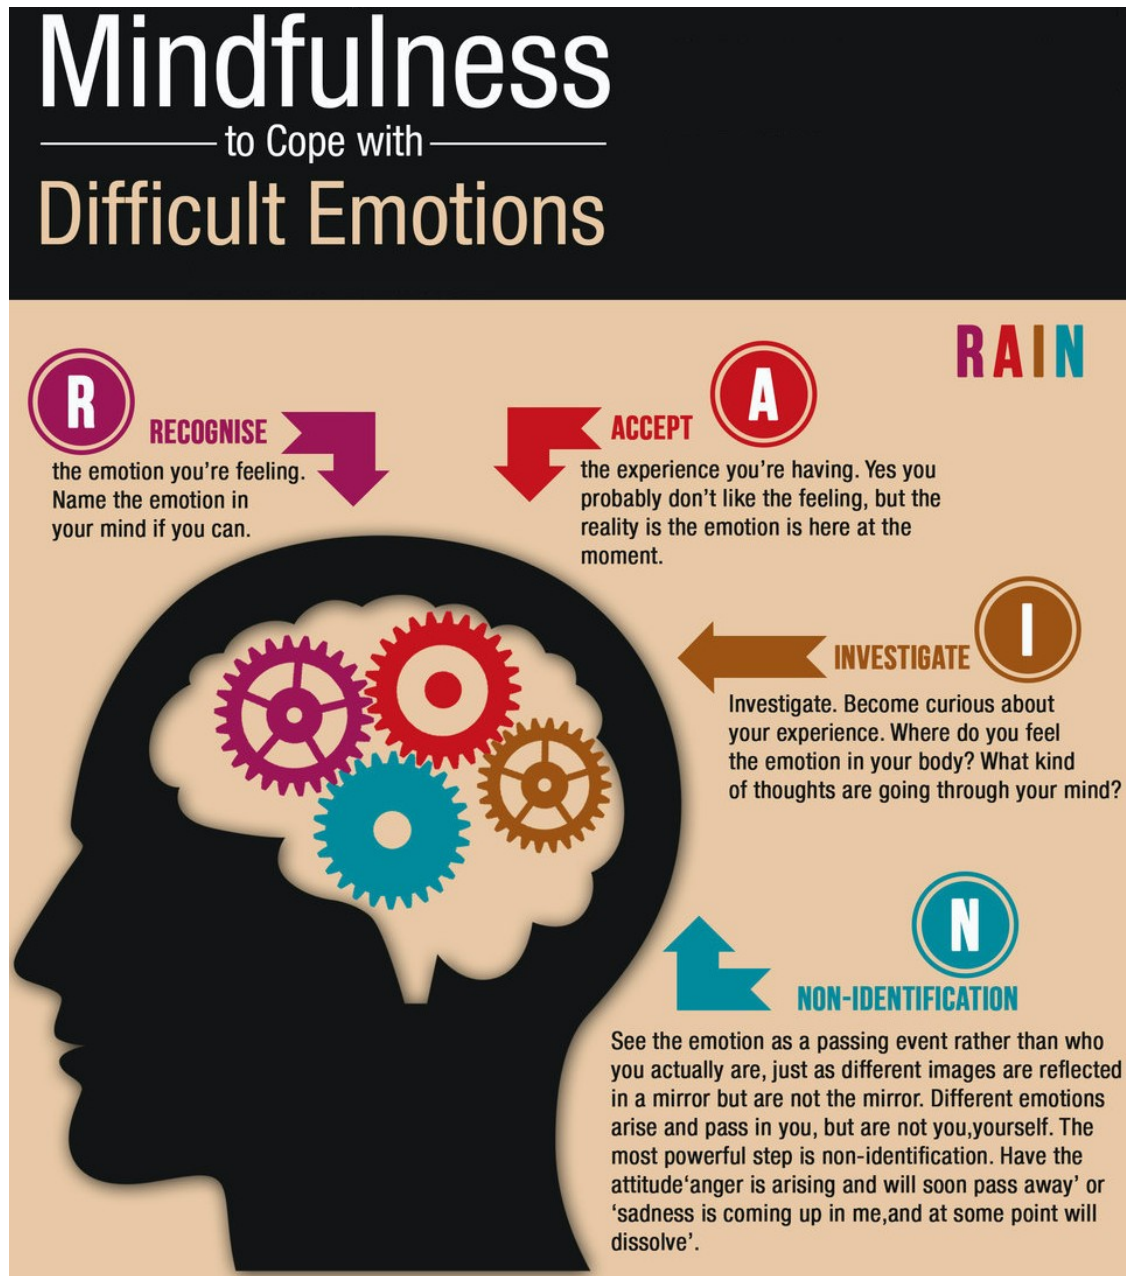

An American friend of yours is going through a rough patch. Using the information below, **select** and **explain** to them the most relevant information in your own words.

You can make notes which can only be used as a guideline. The test will be recorded.

Preparation time: 5 minutes

Presentation time: 2 – 3 minutes

DIFFICULT EMOTIONS

Mindfulness

to Cope with

Difficult Emotions

R **RECOGNISE**
the emotion you're feeling. Name the emotion in your mind if you can.

A **ACCEPT**
the experience you're having. Yes you probably don't like the feeling, but the reality is the emotion is here at the moment.

I **INVESTIGATE**
Investigate. Become curious about your experience. Where do you feel the emotion in your body? What kind of thoughts are going through your mind?

N **NON-IDENTIFICATION**
See the emotion as a passing event rather than who you actually are, just as different images are reflected in a mirror but are not the mirror. Different emotions arise and pass in you, but are not you, yourself. The most powerful step is non-identification. Have the attitude 'anger is arising and will soon pass away' or 'sadness is coming up in me, and at some point will dissolve'.
